Bring a beverage/snack for the
break

**To Register contact Liz Broscoe at 530.318.2330
or email: lizbroscoe@aol.com**

Combining narration and brief performance, Liz will inform women of their powerful roles in the history (HERstory) of ancient drumming. Before the drum was created in Africa, women created rhythm while they worked, developing community and passing the time more joyfully. In ancient times women were the shaman healers of their communities. Come celebrate your primordial rhythmic roots and experience the joy of drumming. Liz will teach the fundamental techniques of West African dunnun and djembe drums, while presenting the history, original meaning and purpose of drumming.
